[Things to check before using SD card]

WISENET

◯ Memory type

When using SD card for our products, we recommend high durability MLC type products.
Due to the nature of security products, read / write is frequent. Therefore, it is recommended to use SD card with high durability.
Recommended SD Card Manufacturers are Sandisk, Transcend.
※ SanDisk HIGH ENDURANCE Products, Transcend High Endurance Products

◯ Speed Class

In general, we recommend Speed Class UHS-1 class to use SD card, UHS-3 and more than 16GB memory is recommended for 4K Camera.
